LOT 2588 - 2003 CHEVROLET CORVETTE 50TH ANNIVERSARY VIN: 1G1YY32G635105455 CONVERTIBLE

Description

The C5 Chevy Corvette is a very attractive and powerful American sports car. This red convertible is begging to be driven, and you'll be proud to be seen in it when you let the top down so the wind can blow through your hair while you enjoy the sunshine on your face. It's not all Sunday cruising in this 'vert, this is a high-performance machine with a 5.7-liter LS engine moving the wheels, which is backed by an automatic transmission. It has a leather interior with power windows and locks, and rolls on alloy wheels. It has 70,572 miles on the clock, so it's very low-mileage for the year model.
